## HIDEAWAY CADDY

**ASSEMBLY**

To assemble plunger, screw handle onto plunger head.

ASSEMBLY

1. Remove tape that secures hideaway flaps. Gently open flaps.

2. Place plunger inside caddy and flaps will close concealing plunger.

3. To remove from caddy, simply lift plunger by handle and caddy will open.

USAGE INSTRUCTIONS

1. Tilt plunger bell inside toilet bowl so that it fills with water.
2. Place flange directly over the toilet drain.
3. Gently press down to create a seal & suction.
4. Quickly and forcefully push plunger up and down.
5. Repeat as necessary until clog is cleared.
